F. J. STRITTMATER & WIFE.

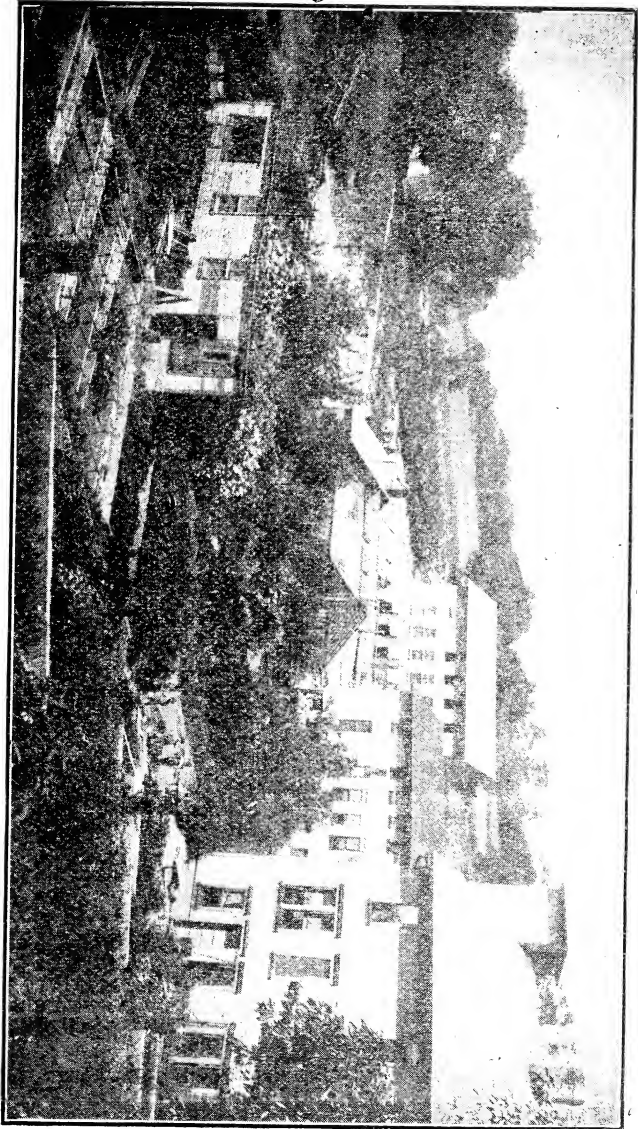

## GREETING.

April 1, 1926.

We wish to take this opportunity to thank you for your patronage. Should this fall into the hands of some one not a customer then we hope to have a trial order for plants, flowers, or honey. REMEMBER, we GUARANTEE satisfaction or your money back.

Our business with bees and honey was started in 1902, the plant business in 1906, poultry also in 1906. The business was run by F. J. STRITTMATER and WIFE till 1923, when the growing business required larger quarters and better mail, freight and express services. We organized a corporation capitalized at \$100,000.00, divided into shares of par value \$50.00 each. We built our main building containing store, offices, honey bottling rooms, etc., at Bradley Junction in 1923. The next year we built a fine greenhouse of modern steel frame construction just across the road, and in 1925 we built a number of concrete hotbeds, etc. We also built several new chicken coops and equipped an automobile garage where we do repair work all the time. The picture

on the outside back cover shows part of the new property and the one on page 3 shows part of "The Farm", as we call it, where we started the business and where we still keep our poultry, as well as fill most of our mail orders for plants. We have most of our outside hotbeds here and a small greenhouse, etc. The president of the company still lives here with his family, though he is usually in the office at the new location till about 10 P. M. most every night.

All the property formerly owned by F. J. Strittmatter and Wife is now owned by the Corporation. The government recognized the needs of the business for better mailing service and granted us a new post office right in our store room. We are now prepared to give good service in mail orders at all times as we receive and send out mail four times per day.

We own all our property and have no rents to pay. This includes living quarters for six families, which enables us to hire married men for our most important positions. We own 45 acres of ground and so have plenty of room to expand. We now have 120 stockholders, holding \$73,000.00 of our capital stock fully paid for. At this writing we have \$27,000.00 of our stock unsold. While it lasts we are offering some of this stock to our customers at par. None of us got any for less and no commission is paid for the sale of our stock so every dollar invested is a dollar for improvements.

We need more greenhouse room badly as this business has been increasing at the rate of more than 50 per cent per year the last two years. The high mark previous to 1924 was \$2,500.00, while 1925 was \$6,207.88. When we sell the balance of our stock we can provide room for a large increase in this business.

We should enlarge our store also, as this business has also proved far beyond expectations. The same might be said of our garage.

A CLOSE UP VIEW OF A SMALL CORNER OF OUR FLOWER YARD AT "THE FARM."

We have more than 5,000 customers for honey and plants and they are scattered all over this state, and some in many other states.

If you know of some one you think would like to receive one of our catalogues you will do us both a favor by sending the name and address.

OFFICES FOR 1926.—President, F. J. STRITTMATTER; Vice President, Mrs. F. J. Strittmatter; Second Vice President, F. H. Wills; Secretary, H. O. Widdowson; Directors, Al. T. Strittmatter and Ray F. Ayers.

The President of the Company is also Postmaster and the commission from this office almost pays his salary. We are in a rural community where taxes and living expenses are not so high as in most localities. For the year 1925 the school taxes, for instance, on our main property was  $2\frac{1}{2}$  mills, while some of our neighboring districts had 20 to 30 mills. This all helps to keep our overhead expenses down.

Our business is not a gamble and while you need not expect to double your money "over night" as might be PROMISED in oil stock, you do not stand a chance to lose. There never was a year that we did not make some clear money on our investment. If you have a little money to invest, even if it be only \$50.00, look us up. We like to have as many as possible of our customers interested. Our stock is all the same, or what is called common stock, and all must pay the same dividends. We are incorporated under the laws of Pennsylvania. The stock is non assessable and free from all taxes in Pennsylvania except income tax on the dividends.

Again thanking you for your patronage and co-operation and inviting you and your friends to pay us a visit any time at your convenience, we remain,

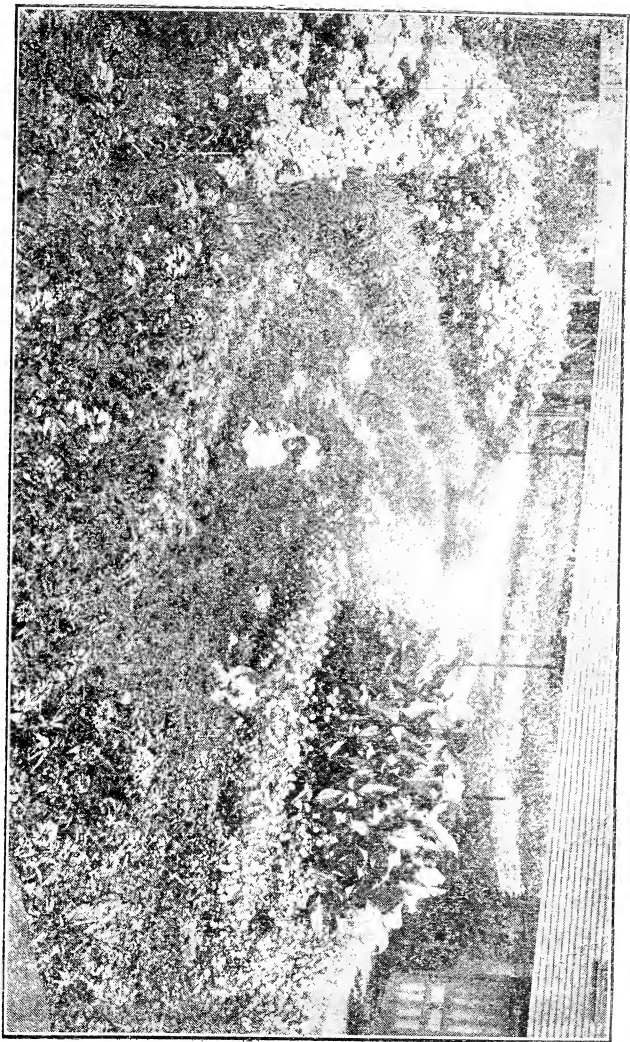

Very truly yours,

*F. J. Strittmatter*

## VEGETABLE PLANTS.

Nearly all vegetables will do better if planted in different ground each year. For instance, plant your onions where you had lettuce last year, and beets where you had beans, etc. Cabbage should be planted in a different place each year to avoid club-root.

**CABBAGE PLANTS.**—Early Jersey Wakefield, Copenhagen Market, and Glory, for early. All season: Premium Flat Dutch, and Savory for late. Savory is much superior in quality of any of the cabbage and is a good keeper. We have found the Copenhagen Market the best all around cabbage. It is as early for us as Early Jersey Wakefield, and has larger heads and does not burst or crack open easily. Early plants, 10 cts. per doz.; 75 cts. per 100. After June 1st, 10 cts. doz; 50 cts. per 100; or \$4.00 per 1,000. We also have Golden Acre, a new extra early cabbage at 15 cts. per doz.; or \$1.00 per 100. About the first of June we will have plants of Red Danish Stonehead Cabbage, Kale and Ruta Begga at 10 cts. a doz.; or 50 cts. per 100; also Kohl Rabi plants at 20 for 10 cts. and 40 cts. per 100. Write for prices on quantities of late cabbage.

**CAULIFLOWER.**—Snowball and Danish Perfection. Snowball is the earliest and Danish Perfection has more leaves, which make the heads grow whiter. 20 cts. per doz.; \$1.25 per 100.

**CELERY.**—White Plume, Easy Blanching, Golden Self Blanching, French Success and Golden Rose are easy to blanch. New Rose and Giant Pascal make larger stalks and are harder to blanch. White Plume is a fine looking Celery and easy to grow and blanch, but not as good quality as the other kinds. Nice plants 10 cts. doz.; or 75 cts. per 100. Extra nice large well rooted plants 20 cts. per doz., or \$1.25 per 100.

**EGG PLANT.**—Black Beauty is the largest, but

**Inside View of One of Our Greenhouses, Feb., 1926.**

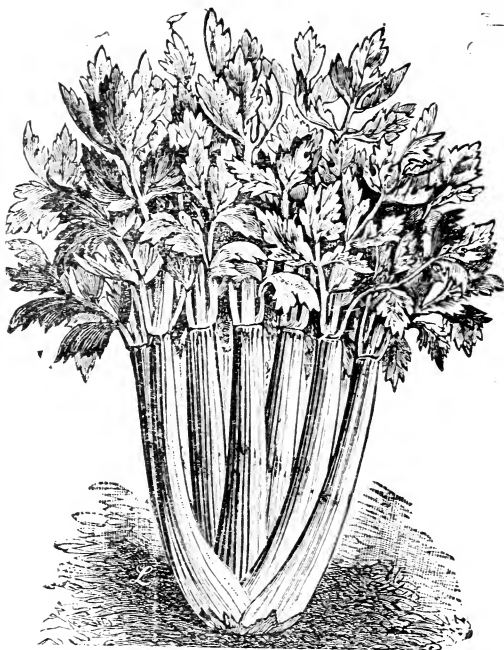

Extra Early Dwarf Purple and Early Long Purple are earlier and you are more sure of a crop. 25 cts. per doz. Potted Plants, 50 cts. a doz.

**GARDEN HUCKLEBERRY.**—25 cts. doz. ....

**PEPPER PLANTS.**—Harris' Earliest, Neapolian, Ruby King, Giant Crimson, and Harris' Early Giant are sweet. Bull Nose is somewhat sharp; Golden Dawn is sweet and yellow when ripe; Giant Cayenne is very sharp. Harris' Early Giant is a new extra early Pepper at 50 cts. a doz. All the other kinds 25 cts. a doz.; or \$1.50 per 100.

**RED BEETS.**—Harris' Special Crosbys' Egyptian is the best early round, Dark Red Beet that you can get. Early plants 10 cts. a doz.; 60 cts. per 100.

**It Saves Time and Bookkeeping.**

### FRENCH SUCCESS CELERY.

About June 1st, 20 for 10 cts.; 100 for 40 cts.; 300 for \$1.00; or \$3.00 per 1,000.

**TOMATO PLANTS.**—Earliana, Bonny Best, John Baer, Truckers' Favorite, and Golden Queen (a yellow tomato), for early and Harris' Successs, New Stone, Ponderosa and White Beauty for late. We have found the Bonny Best to be the best all around tomato. It is almost as early as the Earliana, a nicer tomato and a better yielder. Nice plants, 15 cts. a doz.; or \$1.00 per 100. Extra large well rooted plants, 25 cts. a doz.; or \$1.75 per 100. Potted

**Please Send CASH With Order.**

plants, 50 cts. to \$1.00 a doz. at the house, as they are too large to mail.

**EVERBEARING STRAWBERRIES.**—These bear a good crop in the spring, the same as other strawberries, and will bear some all through the summer and plenty in the fall; both old stalks and runners will be full of berries. If you like strawberries, try these. Good strong plants, 1 doz. 25 cts.; 100 plants for 150.

**RHUBARB.**—The large, early kind; large roots, 10 cts. each; \$1.00 per doz.

**SAGE, PEPPERMINT, and SPEARMINT.**—10c each, or \$1.00 per doz.

**BELLIS, OR ENGLISH DAISY.**

**It Saves Time and Bookkeeping.**

## FLOWERS.

Flowers are divided into two classes, Annuals and Perennials. Annuals must be planted every year from seed while Perennials, the same plant comes up every year. Some of the best Annuals for Cut Flowers are: ASTORS, CALENDULAS, CARNATIONS, CALLIOPSIS, BACHELOR BUTTONS, COSMOS, GYPSOPHIA, LARKSPUR, NICOTIANA PANSIES, SCABIOSA, PHLOX, SWEET PEAS, SNAPDRAGONS, STOCKS, VERBENAS, and ZINNAS.

Some of the best Perennials for Cut Flowers are: AQUILEGIA, CAMPANULA, DELPHINIUM, DIANTHUS, IRIS, DIGITALIS, GAILLARDIA, LUPINE, PHLOX, PEONIES, SHASTA DAISY, SIDALCEA, and SWEET WILLIAMS.

Flowers will do better if the same kinds are not planted in the same ground year after year. Plant your gladiolus where you had asters or some other kind of flowers last year, and your asters where you had geraniums, or something else.

We sell CUT FLOWERS, summer and winter. During Summer we have PEONIES, GLADIOLUS, ASTERS and many other kinds, and in the fall and winter we've CHRYSANTHEMUMS, SNAPDRAGONS, CALENDULAS, CARNATIONS, HYACINTHS, NARCISSUS and other kinds.

## HONEY

We have been in the bee and honey business for 23 years, and, as quality has always been our aim, we are sure we can please you with our honey.

Our honey is on sale at many of the leading grocery stores, and if your dealer does not handle it we will send same to you direct. Our name is on every package, and this is your guarantee of purity and quality.

We have two kinds of honey, clover (light) and buckwheat (dark), both the same price. Both are equally pure; the dark is somewhat stronger flavored than the light. Be sure to state what kind you prefer.

If you have not received one of our honey circulars, one will be mailed you free for the asking.

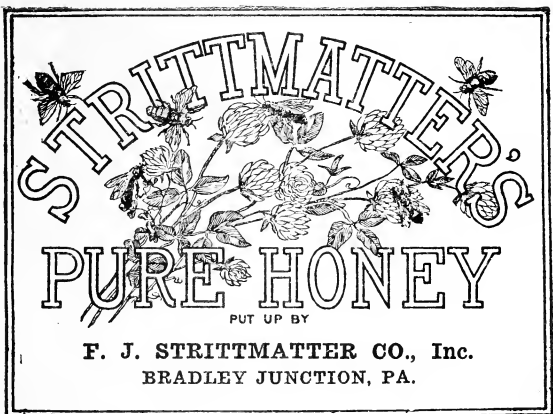

Reference: First National Bank, of Ebensburg; or any bank in Ebensburg or Carrolltown, Pa., or R. G. Dun Co.

We will send our **BEST QUALITY HONEY** to you direct at following prices, prepaid: 3-lb can, \$1.00; 6-lb can, \$1.60; or a 12-lb can, \$3.00.

Remember, satisfaction guaranteed on either honey or plants, or your money back.
